What's

Turkish Apparel Center (TAC) is affiliated to Istanbul Apparel Exporters Association (IHKIB), the biggest institution representing apparel industry in Turkey.

With its more than 10 thousands of apparel exporter member companies, IHKIB performs many activities to promote Turkish apparel goods and brands, which are famous worldwide for their high quality and stylish designs.

www.ihkib.org.tr/en

An affiliated institution of IHKIB, TAC is established as a subsidiary of New York Turkish Trade Center (TTC) and now welcoming its visitors in its official address in Manhattan, New York.

TAC, with its offices and showrooms, is promoting Turkish apparel goods to the international buyers. TAC offers a reliable sourcing platform for potential customers to meet with Turkish apparel exporters.

www.turkishapparelcenter.com

TAC

Currently, ten apparel companies of Turkey have office and showrooms in Turkish Apparel Center (TAC).

As being producer and supplier to many global brands and markets, TAC member companies are now ready to introduce their goods and brands to the potential buyers and customers in the USA.

**TURKISH
APPAREL
BRANDS**

Turkish apparel industry is the 5th biggest exporter in world apparel trade.

Turkey is the 3rd biggest supplier of the EU in apparel and market share in the US is increasing in recent years.

In sub-sectors like hosiery, denim and knitted wear and in specific fields like organic cotton production, the reputation of Turkish apparel products is remarkable.

Turkish apparel companies are increasingly focusing on fashion-branding production thanks to their strong capacity of creating stylish design collections.

Many Turkish apparel brands are emerging as World famous brand names, others are gaining considerable reputation in the emerging markets.

Worldwide famous branded clothes are produced by the Turkish factories under the permission of the patent owners.

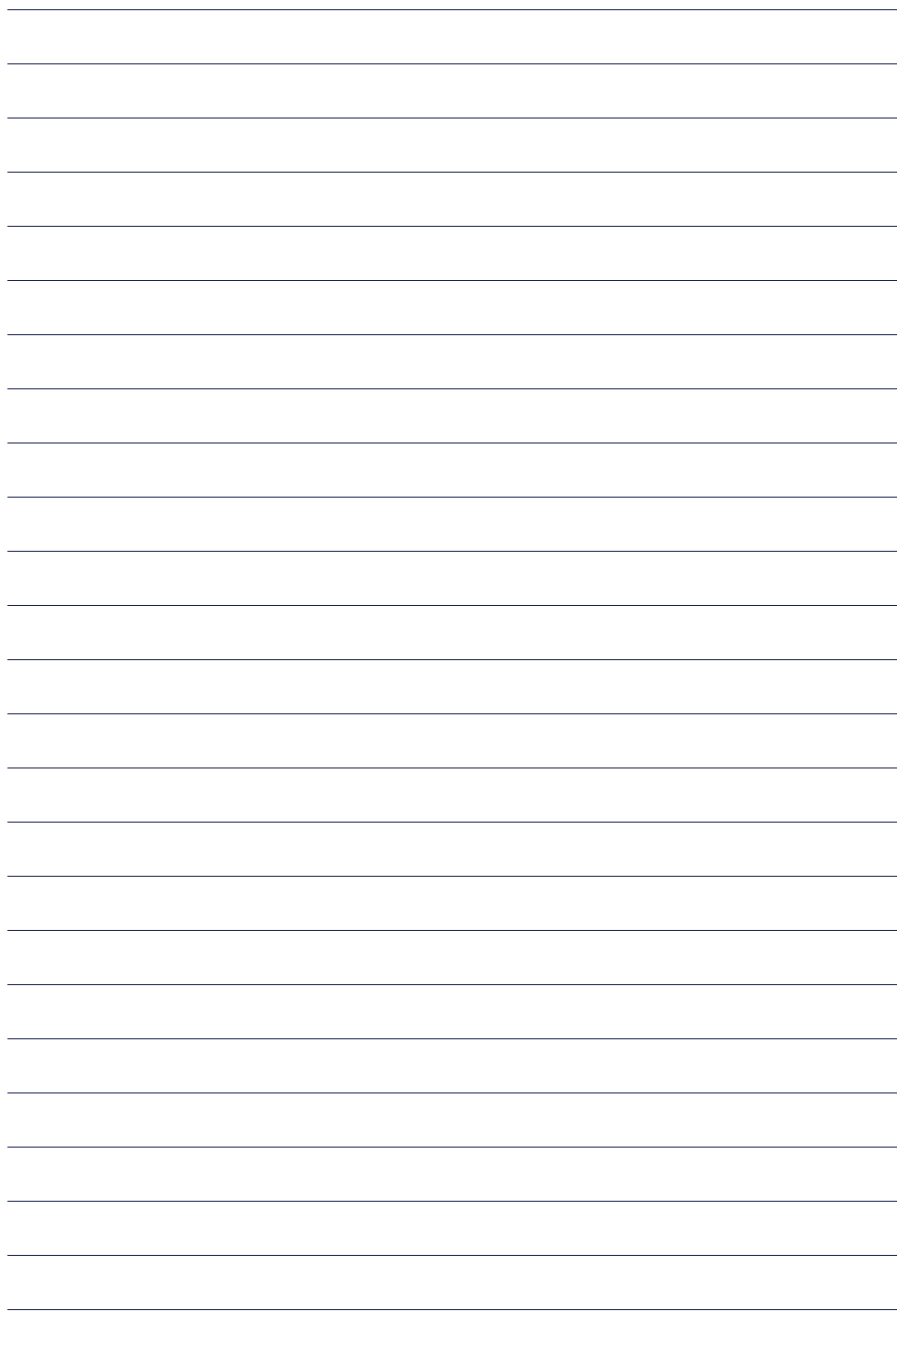

Turkish branded goods and design products are being sold in the boutiques and department stores throughout the world.
